

## #00 Holocaust Remedies – Trailer (Transcript)

- 00:02 *host:* We are writing the year 2023. Last year, on September 15th, the German government commemorated 70 years of compensation law for victims of WWII and the Holocaust. Seventy years, and there are still questions. In particular concerning legal reconditioning.
- 00:31 *host:* What lessons can be learned from the compensation measures taken so far?  
Which instruments are suitable for legal redress?  
How can the perspective of victims of atrocities be better taken into account?  
What steps are appropriate to deal with the aftermath of the tragedy?
- 00:56 *host:* We explore all these questions during our project and keep you informed through this podcast.  
Many exciting interviews with witnesses and researchers are waiting to help answer our questions.
- 01:11 *host:* Important insights. Past. Present. Future.  
Holocaust Remedies.
- 01:23 *host:* This podcast is produced as part of the Holocaust Remedies project. A project of the educational Agenda NS Injustice funded by the Foundation "Remembrance, Responsibility and Future and the Federal Ministry of Finance based on a resolution of the German Bundestag.
